ENVIRONMENT, HEALTH & SAFETY POLICY

Baynunah Laboratories Sole Proprietorship LLC shall commit to ensure the Health and Safety of its employees, visitors and the community, also protect the physical environment in which the company activities are carried out.

Our activities include, Geotechnical Investigation, Geophysical Investigation, Construction Material Sampling & Testing, Pile Testing, Topographic & Bathymetric Survey.

Top management is committed to Implement HSE management system conforming to ISO 45001:2018 & ISO 14001: 2015 and strive to its continual improvement.

Identify and control the process and product effectively.

Ensure the safety and welfare of our staff and the protection of our assets.

Ensure the prevention of any impact on the environment resulting from our actions.

Comply with all relevant Environmental, Health & Safety legal laws and other requirements.

Identify the hazards access and manage those risks

Periodically review the suitability, adequacy and effectiveness of the (HSE) management system.

Make every effort to protect the environment and prevent pollution, to minimize consumption of materials, to promote reuse and recycling of wastes and adopt best practice on waste management.

Prevent accidents and cases of work-related ill-health.

This policy will be communicated to all employees and organizations working for or on our behalf, employees and other organizations are expected to co-operate and assist (interested parties) in the implementation of this policy, whilst ensuring that their own work, so far as is reasonably practicable, is carried out without risk to themselves, others, or the environment.

This policy will be reviewed annually by top management and where deemed necessary will be amended and re-issued.

This policy statement is available to interested parties, upon reasonable request.
